

MINNEAPOLIS PUBLIC SCHOOLS

Special Education Students and Interscholastic Athletic Team Eligibility

TO: Building Athletic Directors
FROM: _____, IEP Manager
RE: _____, Student

This student has a current Individual Education Program (IEP) that contains modified criteria for interscholastic athletic eligibility. This memo certifies that the modified criteria in the Adaptations section of the student's IEP meet the intent of the district's general criteria for "making adequate progress toward graduation" of (1) a 2.0 GPA, (2) enrollment in 4 classes in a 4-period day or 5 classes in a 6-period day, (3) maintaining 4.13 credits per quarter, and (4) having less than 5 absences in any class during the first 3 weeks of the quarter, and less than 10 absences in any class during the first 6 weeks of the quarter.

Under the modified criteria contained in the student's IEP, this student is:

_____ Eligible to participate in interscholastic athletics during the _____ quarter.

_____ Ineligible to participate in interscholastic athletics during the _____ quarter.

We understand that it is the responsibility of the IEP team to notify the building athletic director if the student's modified eligibility criteria are not being met.

Student's IEP Manager
